our plans for 2019

We are now developing an even more ambitious festival for 2019, which will include more local vendors and a main stage featuring a variety of cooking demos throughout the day. Once again, Saskatoon and Front St., West of Bridge, will be closed for the day. These streets will be lined with 50+ vendors who promise to deliver even more variety and diversity than in the past.

We have exciting new plans for our children's tent, a great line up of entertainment on both the street and in our beer tent, and an impressive set of displays in our community and agriculture tent, including a bee exhibit, promoting Campbellford's new designation from Bee City Canada.

We will also be continuing our hugely successful farm tour on the day before the festival, providing hands-on experience and celebrating a day in the life of our farmers.

sponsor benefits

Our sponsors have always been the cornerstone of our growth and success. They provide the primary financial support that allows this festival to go on. We are so delighted with the amazing support they have shown!

- If you haven't been a sponsor before, or if you are considering increasing your support, here are just a few reasons why it benefits the town, our community, and YOU to participate:
- advanced exposure to a very broad audience via our website and social media (over 500 Instagram followers; nearly 600 Twitter followers; and reaching nearly 40k people on Facebook)
- exposure to over 4000 visitors on day of festival
- creates overnight visitors, who spend money in the area on food, shopping, and accommodation
- aims to strengthen relationships and exposure to local businesses, farmers, and the community
- Incredible Edibles celebrates and promotes the wonderful community we live in and fosters community pride and knowledge.
